

Ransom Dry Goods Company

DAILY
BULLETIN.

Ladies' Tailor-made Suits. Special 10 Days Sale

of all suits.

A few days ago we reduced the price of all our suits. We now make a very special cut of an extra 25 per cent Cash Discount, besides the cut price. This gives you a chance of your life to buy a fine suit at a nominal price.

You may take a notion to visit the Pan American Exposition at Buffalo this summer, as the price will be so low you will be sure to go. You will probably go by water from Cleveland as it will be more pleasant, but if you do, you will need a jacket suit, as the lake breezes are very cool at times. Now why not buy yourself an entire suit at or nearly as low as the jacket would cost. All you will need to take with you besides the suit will be an extra shirt waist or two and you will be ready for your trip and no more worry. Why not buy the suit now during this 10 days sale and get just what you want.

We have about 125 suits all told, and they are strictly up-to-date.

Now is your time to get a suit bargain.

Very Respectfully

Ransom D. G. Co

HEAD OF THE SCHOOLS

Herman S. Platt Elected as the New Superintendent.

FROM UNIVERSITY OF ILLINOIS

Comes the Man Who Was Selected From About Fifty Applicants To Succeed Professor Fenton.

The board of education has elected Prof. Herman S. Platt, Ph. D., superintendent of Coshocton public schools to succeed Prof. J. F. Fenton. He will receive a salary of \$1,500 a year. William Burns, clerk of the board, had received in the neighborhood of 50 applications for the position. They came from graduates of Harvard, Cornell, Johns Hopkins and other less notable institutions of learning, but Yale and Princeton were not represented in the list. The board had received information from a high source that men from the great colleges of the east are not always the best educators, and they made the selection from the faculty of the university of Illinois. Doctor Platt came with the highest endorsements and it was on these the selection was made. Many other applicants have received attention because they were recommended very highly, but the gentleman who was elected outstripped his competitors. Doctor Platt is 34 years old, married and well trained in school work. He will move to Coshocton within a short time, and prepare to take up the duties of his position. The other teachers have not been chosen nor has a date been announced for that interesting event.

L. D. SCHOOT IS RECEIVER.

E. P. Hack, W. R. Lynde and Mr. Tucker Are Boston Store Appraisers.

Judge Eason heard the arguments for the appointment of a receiver for the Boston store Saturday afternoon. Pomerene & Pomerene represented Fred Alexander, who made the application, and Judge Eason argued for O. Thompson and Luther Strauss, the other partners in the business. Judge Eason appointed L. D. Schoot receiver, and named as appraisers E. P. Hack, W. R. Lynde and Mr. Tucker, who was employed in the store. The store was closed Saturday afternoon, and the inventory began this morning. The question as to how the store will be sold has not been decided. Mr. Thompson and Mr. Strauss want the stock reduced by selling at retail, and Mr. Alexander wants the store disposed of as soon as possible.

TO SAVE SHADE TREES.

Experiment Station at Wooster Will Give Required Information.

The superintendent of the agricultural experiment station at Wooster has taken up the matter of dealing with the cotton aphid, the insect so destructive to shade trees, and hopes to stamp out the scourge. If persons who know their trees are afflicted with the pest will address the station at Wooster information dealing with the destruction of the insect will be cheerfully sent without charge.

IN BED THREE YEARS.

Michael Everhart Died at the Infirmary After a Long Illness.

Michael Everhart, who was an inmate of the infirmary for a number of years, died Sunday. He was buried Tuesday morning. Rev. Mr. Erwin conducted the services. Interment will be made at the infirmary. Everhart has relatives in this city and was admitted to the infirmary a number of years ago. He became ill because of his age, 81 years, and had been in bed over three years when death came to relieve his suffering.

HAS NOTHING TO SAY.

Professor Fenton Has No Statement for the Public.

Professor Fenton, whose position as superintendent of the public schools was filled by the board of education in the election of Doctor Platt, of Illinois, said to The Age that he had no statement to give out. He has not decided what he will do, and he has nothing to say regarding his plans for the future.

VERY MUCH BETTER.

Doctor Walter Cochran Is Recovering From Another Operation.

Doctor Walter Cochran, who has been ill for some time, is recovering and is now in the city. He suffered an operation some time ago and a piece of bone was removed from his leg. For a time he got along very well but another operation was deemed necessary and it was performed in a Columbus hospital. His many friends will be glad to hear of his recovery.

Unclaimed Letters.

List of letters remaining unclaimed at the postoffice at Coshocton, Ohio for week ending May 13, 1901.

Ladies—Mrs. Laura Carr, Mrs. Geo. Diggle, Mrs. Lizzie Payton, Gentlemen—Denise Vincenz & Giuseppe, Mr. George Moore. Persons claiming the above will please say "Advertised" and give date of list. C. B. McCoy, P. M.

PEOPLE WE KNOW

Their Comings and Goings and Society News in General.

—Fred Carr spent Sunday in Cleveland.

—S. W. Snyder is in New York on business.

—Rev. A. J. Sever went to Uhrichsville today.

—Dr. J. E. Foster was in Newcomerstown today.

—A. E. Loeb spent Sunday in Newcomerstown.

—Miss Vesta Metzler visited at her home in Baltic Sunday.

—William Bell visited his parents in West Lafayette Sunday.

—A. W. Swihart returned today after a visit in New Philadelphia.

—Clarence Hay and Karl Hing spent Sunday with friends in Newcomerstown.

—T. J. Hanley and son Thomas spent Saturday and Sunday with relatives in Pittsburgh.

—Miss Fannie Weaver, Miss Letitia Edwards, Miss Edna Coe and Miss Edna Carr visited in West Lafayette Sunday.

—Mrs. Charles Graham and family, of Newark, came to attend the funeral of Thomas Graham at Canal Lewisville today.

—Mrs. D. R. Culbertson, of West Lafayette, has returned after a visit with her daughter, Mrs. John Norman, Locust street.

—Miss Nettie Walker has resigned her position with the Meek & Beach company and has gone to Chicago where she will be employed by the Donker-Williams company.

—Dr. Frank Wernett, who has been in the west for several years, arrived home from Evanston, Wyoming, Sunday night. He will spend the summer in Coshocton, and expects to locate in New Mexico next fall.

HIS MOTHER-IN-LAW

Is Blamed By George Speck for His Domestic Difficulties.

George Speck, who resides near Warsaw, has filed a damage action in common pleas court against his mother-in-law, Mrs. Sophia Heft. He asks \$2,500, and charges that his mother-in-law coerced his wife away by telling her he made her work too hard and that he would kill her by making a slave of her.

The petition says the plaintiff married Miss Bertha Heft, Feb. 20, 1900, and that they lived happily together until September 17 when she left him because her mother coerced her away, making the charges above stated. Mr. Speck says he always treated his wife well and is able to care for her. He says he has tried to persuade Mrs. Speck to come back and live with him.

Ernesta Darling wants \$1,500 from the estate of Andrew J. Foster for taking care of him during the last years of his life. She has filed suit in common pleas court asking that the executors of the estate be made pay her that amount. The petition says Andrew J. Foster died Feb. 20, 1900, leaving a will which named the defendants as executors of his estate. It is also alleged that it was the request of Mr. Foster that the plaintiff take care of him for which she was to receive reasonable compensation. She says she took care of him during the last five years of his life and that \$300 is a reasonable compensation but the executors ignored her claim. She asks judgment for \$1,500.

LOOKING FOR LAND

On Which the New School Buildings Are to be Erected.

At the last meeting of the board of education the matter of constructing new school buildings was taken up, and the committee appointed to investigate the cost of suitable sites was continued until the next meeting. The question of whether it would be best to erect a building containing six or eight rooms east of the Pan Handle or two small buildings, one in the west end and the other in the east end of the city, was discussed at length but no decision was reached. The matter will be taken up again and settled as soon as possible as the additional room for school children is badly needed.

RADICAL CHANGES

In the Wheeling Schedule Are Expected Next Sunday.

The summer schedule on the Wheeling becomes operative next Sunday and while nothing definite has been given out regarding the time of trains it is generally understood by railroad men that radical changes are in contemplation. The latest story is to the effect that the afternoon passenger will go north much earlier and the evening train from Cleveland will reach Coshocton in the neighborhood of 7 o'clock.

Home Seekers' Excursion Fares.

The Wheeling & Lake Erie will continue the sale of the low rate Home-seekers' tickets to western and southern points during the months of May and June. W. J. Davies, ticket agent, W. W. March, city agent. 6-30.

BIG EXCURSION PLAN

Local Societies May Visit the Homes at Springfield.

MASONS, KNIGHTS, ODD FELLOWS

The Institutions For the Care of Their Orphan Children Are in One Town, and a Large Party May See Them.

The Masons, Odd Fellows and Knights of Pythias of Coshocton may visit Springfield during June and see the splendid institutions they have founded in that city for the care of their orphan children. As yet the plan is in embryo.

The institutions in question have cost a great deal of money and have done much good. They are the pride of each great secret society they represent, and few meetings pass without some reference being made to their condition or some business is transacted in connection with them. They are well known to scores of secret society men who have taken the time to inspect them, and few know just what has been done with the large amount of money subscribed every year for their maintenance.

It is to give these people an opportunity to see the homes that the excursion is proposed. The plan provides for a special train to take Coshocton Masons, Knights of Pythias and Odd Fellows from Coshocton to Springfield. The distance is not far and the trip can be made in about three hours. That would give no less than seven hours in Springfield, ample time to see the homes and the city. The plan is being discussed with enthusiasm and if a low rate can be secured there is little doubt that a large party will enjoy the excursion. Pan Handle Agent Kipp has the matter in hand at present and believes the excursion will be a complete success.

ACCOMMODATED THE SHERIFF

Two Young Men Came in and Pleaded Guilty When Not Fied of Indictment.

Martin Lowry and Alonzo Randless, young men who reside in Jackson township, are the most accommodated individuals with whom Sheriff Hedge has ever dealt.

The young men were indicted by the last grand jury for disturbing a meeting at Blooming Grove M. E. church, west of Kosco. Sheriff Hedge did not call on them personally but sent them a notification of the action of the grand jury. He requested that they come to Coshocton. The young men answered the summons Monday morning, and decided they were guilty. Judge Eason imposed a fine of \$15 and costs in each case. The judge took occasion to give the young men some very good advice and said he believed they would do right in the future. He had, therefore, no desire to cast a stigma upon this character and would not impose a jail sentence. The boys looked their thanks.

AN OLD LETTER.

It Was Written on Dainty Stationery Many Years Ago.

Charles West has in his possession an old letter. It was found among old papers in a house south of Coshocton a short time ago.

The letter is an ideal production of the time when it was written, having been penned in 1852 and postmarked at Delaware March 24 of that year. It is from a young woman to her cousin. The stationery is dainty, say the least, an embossed border ornamenting envelope and sheet. It is yellow with age but the ink was good and the writing can be plainly read.

PAID THE JUDGMENT.

Mrs. Smith Sold Her Land at Private Sale and Settled.

Twenty acres of land, belonging to Mrs. Margaret J. Smith was advertised and was to have been sold at sheriff's sale Saturday. Judgment had been rendered against her March 12 in favor of J. M. Rodgers for \$60.56. She was unable to pay and the land was ordered sold.

Before time for the sale Saturday, Mrs. Smith paid the judgment and costs in the case. She sold land at private sale to Harland Bowers for \$625. She resides near Nellie.

CRIMINAL CASES

Will Be Taken up in Common Pleas Court May 27.

Wakefield Hoar, who was indicted by the grand jury for larceny and is now in the county jail, will be tried May 27 in common pleas court. James Nab Jackson will also be tried May 27. He was indicted for assault with intent to kill.

Notice to the Public.

All persons are hereby notified not to harbor my son, Thomas Potter. I will not be responsible for any bills he may contract. THOMAS J. POTTER.

Prohibition State Convention at Akron. On account of the Prohibition State convention at Akron, the Wheeling & Lake Erie will sell round trip tickets on May 14 and 15 at \$3.15 for the round trip, tickets limited for return until May 17. W. J. Davies, ticket agent, W. W. March, city agent. 5-13.

RIGHT AT HOME.

Town Topics and All Kinds of Local Happenings Told in Brief.

—The Gray Hardware Company.

—Evangelist Crittenton will conduct services at the Eleventh street church of Christ this evening.

—The examination for certificates to teach in the high school was held in the Chestnut street building Saturday.

—The case of Bahmer & Crawford against the county commissioners is being heard before Judge Eason in common pleas court.

—A lady in the city has a good gas stove she would like to present to some person who needs it. A call at 704 Main street will bring out the information.

—The Levens ball team will play the Buffalos at Riverside park Thursday afternoon. They are local organizations. The game will be the first of the season.

—John McGreary, an old man, was arrested by Chief Mapel Sunday and locked up on a charge of intoxication. He was fined \$1 and costs this morning, and left his watch as security.

—Rev. C. R. Compton, of Frederickburg, O., will preach in the Presbyterian church next Sunday. Rev. Mr. Mickey, who occupied the pulpit Sunday, was greeted by large congregations.

SUNDAY'S STORM.

It Blew Down Shade Trees and Made the Public Uncomfortable.

When the average Coshocton man arose Sunday morning it was to hear the roaring of the highest wind the valleys have known in many a day. The wind blew a gale and persons who ventured out to church and there were many, met clouds of dust at every turn. Shade trees suffered in all parts of the city. Some were blown down, while great branches were torn from others. No one was hurt.

In the afternoon the wind dropped away into zephyrs as gentle as are the due of May, but it became clear and cold. Before midnight the mercury had dropped to 40, and when the sun arose this morning the ground was covered with frost. It soon disappeared, however, and it is not known that any serious damage was done. Fruit, the opinion was expressed, is too far advanced to be hurt by a frost so light.

MAILED THE RESOLUTION.

Clerk Wagner Notified Newspapers of Council's Action Regarding Printing.

Clerk Wagner today mailed to each of the newspapers of the city a copy of the resolution passed at the last meeting of council and providing that all publications shall print the city's tender for the price legally due one.

The resolution is signed by the clerk, and does not bear the name of Mayor Cassingham. The resolution was passed two weeks ago tomorrow night, and allows the hungry brute to satisfy its longing for public pay.

OLD RESIDENT DEAD.

Thomas Graham Had Lived Many Years in Canal Lewisville.

Thomas Graham, an aged and highly respected citizen of Canal Lewisville, died Sunday. Funeral services were held today at two o'clock conducted by an Episcopal minister from Dresden.

Mr. Graham was 87 years old having been born March 4, 1814 in Sligo county, Ireland. Four children are still living. John, Thomas and Mrs. Wm. Boyd live in Canal Lewisville. Charles Graham lives in Newark.

NO WAITING

Program of the Schubert Company is Always Promptly Rendered.

The program rendered by the Schubert company is entirely devoid of waits. Pleasing the people is a trade with this famous organization and they know tiresome waits are not a part of an enjoyable program. Although their program is bright and entertaining and contains a great deal of pure fun, it is refined in character and the laugh so wholesome that it is endorsed and patronized by the most select people everywhere. Hear them at the opera house under the auspices of the Elks the evening of May 24.

A meeting of journeymen painters and decorators will be held in Federation hall in the tickets building Tuesday evening. All journeymen painters and decorators requested to be present.

Make Your Choice

If we make your clothes you get a chance to select from a very wide variety of high-grade, stylish fabrics. You get superb tailoring, too. Your clothes will fit you and look well as long as they last, and they will last a very long time. How about your summer garments? L. K. BEACH, Merchant Tailor

POOR ALGIA R. CROOK

The Chicago Professor Who Says He Never Kissed a Woman

HAS OFFER FROM COSHOCTON

The Woman Says She Has a Farm That Will Please Him Because He Likes Rocks. A Widow With Age.

Since Prof. Algia R. Crook made the statement before his class at the Chicago university, that he had never kissed a woman his life has been one long, drawn out burden and a Coshocton woman is said to be responsible for a part of his troubles.

H. S. Canfield of the Chicago American went to see the professor the other day, and found his carefully trimmed Vandyke beard peering over a mass of letters. They strewn the floor, found their way into corners, and almost smothered the furniture in a great white mass. Some were dainty and perfumed, while others bore traces of labored writing and rough usage. They came from all parts of the country, and each writer, fair and unfair, expressed her heartfelt desire to win the undying love of this somewhat unsophisticated man of science. The newspaper man was interested. Doubtless he knew little of love letters, and to show the world the character of the correspondence pouring in on the professor he selected from the great mass of missives two that would show the extremes of the brands of affection lavished on the professor. One began "Thou Dear One," and in most cultured expression declared under the tender stars she longed for him, while her soul looked up to him day time, night time and under the glaring sun.

The other is different. The interviewer says it came from Coshocton and is as follows: "DEAR PROFESSOR—I am a widder of 45 but I don't look it as you can see from inclosed picture. My farm is close to Coshocton and it is grate for truck. They say you love rocks and there is rocks on it. I awate to hear from you. Roses red and violets blue." The letter does not sound a great deal like the culture and refinement of Coshocton, and if the missive was really found by the interviewer among the professor's papers it was probably written by some mischief loving miss who cannot find it in her heart to believe Algia is sincere in the statements credited to him.

SUNDAY MORNING BLAZE.

It Occurred in the House Occupied by Alex Roberts and Was Soon Extinguished.

The sound of the fire alarm Sunday morning, coupled with the fact that a high wind was blowing, served to collect a large crowd quicker than usual in anticipation of a big fire.

The trouble was in the house at Chestnut and Fifth streets occupied by Alex Roberts. The blaze started by a spark from the kitchen chimney and was discovered by Charles Roberts before it had made any headway. The hose companies responded quickly to the alarm but a few buckets of water served to extinguish the blaze before they arrived. The damage was very slight, only a few feet of weatherboarding being destroyed.

DIVIDED THE DINNER.

This Sneak Thief Was Kind Enough to Leave Half of the Roast.

Some sneak thief entered the cellar of J. Ernest McCoy at his residence on South Fourth street and demonstrated that even a man so mean as to take another's dinner is not entirely without conscience.

The thief found a fine roast and other food for the Sunday meal and taking a knife out the joint in two leaving half for its rightful owner. He also got away with other food.

Dance in Forbes Hall.

Shepler's dancing school will dance Tuesday evening. Shepler-Newton orchestra. 11

For Rent.

Seven room house on Chestnut street. Modern conveniences. Call at the office of S. H. Nicholas. 11-6t

Wanted Laborers.

Fifteen laborers at once. Apply at the Reeves works, American Sheet Steel company, Canal Dover, O. 5-12t.

Goodhair soap cures eczema.

Excursions to Springfield.

May 20 and 21 excursion tickets will be sold to Springfield via Pennsylvania Lines good returning Saturday, May 25, inclusive, for meeting I. O. O. F. Grand Lodge of Ohio. d-w-5-21.

To Coal Dealers.

Sealed proposals will be received by the trustees of the water works at the office of the superintendent of said water works, until 12 o'clock noon, Saturday, May 18, 1901, for furnishing coal for the pumping station for the year ending May 17, 1902.

Specifications will be on file at the water works office on and after May 13, 1901. D. A. RAIF, Superintendent. 5-10-18

Notices for church festivals, church entertainments, etc., where the object is to raise money, will be charged five cents a line each insertion.
Cards of thanks, resolutions of respect, society or lodge meetings, obituary notices, and advertisements of balls and celebrations will be inserted for five cents a line. News notices of marriages, births and deaths will be inserted free.

HUNDRED CAUGHT.

Packed Trolley Wrecked on a Curve.
Starlight Party Spilled.

New York, May 13.—An open trolley car, in which were packed about 115 persons, got away from the motorman near Fort Lee, N. J., and dashed down Leonia hill. Every person on the car was bruised, three were seriously hurt, and only one of them is likely to die. Frank Sunstruck, the conductor, it is feared may lose his life on account of possible internal injuries. The heavily loaded car had started down an incline a quarter of a mile in length when the motorman lost control. When the front trucks hit the curve they started around it and made it. The rear ones followed part of the way. The wrench upon the car, however, as it swung about, was so great that the body was lifted and torn from the trucks and rolled over and hit the ground.

Dancing Party Struck.
New York, May 13.—Of 26 young people who started from College Point, L. I., on what is locally known as a "starlight" ride, two were carried home dead, five are in the hospital, four were allowed to leave the hospital after having their wounds dressed, and every one of the remainder were more or less bruised. A collision with a trolley car caused the accident. The dead are Michael Schmitt and Joseph Fickler. The merry-makers were on their way to a hotel 10 miles away, where they were to have a dance. They were all in one wagon, the bottom of which had been filled with straw. When in front of the hotel the driver of the wagon tried to cross the tracks of a trolley line in front of an approaching car, but the car struck the rear end of the wagon. The vehicle was demolished.

Testing the Challenger.
Weymouth, May 13.—The repairs on the cup challenger have been completed and the Erin towed the two Shamrocks here in readiness for the open water trials on the channel, which will commence today and continue daily until Captain Sycamore and party are satisfied that the challenger is in perfect trim. Sir Thomas Lipton is the recipient of many presents from all sections of the country, but he is proudest of a photograph from President McKinley bearing a cordial greeting and the president's autograph.

Kentucky Soldiers Welcomed.
Frankfort, Ky., May 13.—The Frankfort volunteer soldiers who served with the Thirty-ninth Infantry were given a royal welcome home upon their return from the Philippines. A crowd of hundreds met them at the train. The local Beekham guards acted as a military escort and addresses of welcome were delivered by Mayor De Honey and Hon. T. H. Crockett, which were responded to by Captain Noel Gaines on behalf of the returning heroes.

An Automobile Tour.
Utica, N. Y., May 13.—Mr. and Mrs. Robert Shaw of Chicago passed through this city on an automobile tour from New York to Chicago. Mr. Shaw wagered \$2,000 that he could make the trip in 144 hours' running time, and hopes to make it in 120 hours, or 10 days of 12 hours each.

Escaped From Jail.
Muncie, Ind., May 13.—John Davis, arrested here and taken to Winchester, escaped from jail there by knocking senseless the wife of Sheriff Overman when she was serving his supper.

Summer complaint, colic, cramps—any of childhood's ills promptly cured by

DR. JAMES' SOOTHING SYRUP CORDIAL.
"Little Folks love it."
Perfectly harmless.

At drug stores.
55 cents a bottle.

Prepared by C. E. Anderson, No. 2 Forbes street, Coshocton, and C. M. Ferguson

HALF A MILLION MEN

Will Be Involved If Machinists Order a General Strike.

WANT NINE HOURS AND AN INCREASE

Wholesale Tieup Necessary, Says the President of the International Association, If the Toolers are to Attain Their End—Buffalo Strike Settled. Movements in the Labor World.

Washington, May 13.—On May 20 a general strike, involving directly 150,000 machinists and indirectly 500,000 men in the metal-working trades, is expected to take place unless some arrangement is effected in the meantime. This is the statement made by President James O'Connell of the International Association of Machinists, who has his headquarters in this city. The demands of the men, the refusal of which threatens to precipitate the strike, Mr. O'Connell said, are for a working day of nine hours and an increase of 12 1/2 per cent in wages. The matter, he said, has been under consideration for some time, and every effort has been made by the machinists' association to avoid resorting to a strike, but such action, he says, is now necessary if the workmen hope to attain the end they are striving for.

The representatives of the Metal Trades association and the International Association of Machinists held a conference in New York at which an attempt was made to reach an agreement on the wage matter, so that the strike proposed for May 20 could be avoided. Mr. O'Connell, however, says that the employers refused to arbitrate the question of wages nationally, but they expressed a willingness that this matter should be settled by employers locally, each individual case to be treated as such. This method is unsatisfactory to the machinists. For prudential reasons the executive committee has determined not at this time to apply the strike order to the railroads.

Textile Workers.
Boston, May 13.—As a result of the textile workers' convention, which concluded its session at the Quincy House, 75,000 men and women employed in the textile industries of North America will be members of one great labor organization to be known as the United Textile Workers of America. Both organizations decided to amalgamate and apply for a charter under the title named. After that is secured the mule-spinner union and the loom-fixers' union will affiliate themselves with the organization, which will eventually mean a membership of 300,000, and an amicable understanding between textile employees in the north and south.

Chicago Building Trades.
Chicago, May 13.—The new Chicago Building Trades league voted to affiliate with the National Building Trades council as its accredited branch in Chicago. National Secretary H. W. Stebbins of St. Louis was present and assured the league that, as soon as its application was received, the charter of the old Chicago Building Trades council would be revoked and the national charter issued to the new body. This means the passing of the last vestige of the building trades council which conducted the big strike last year.

Obstacle Removed.
Buffalo, May 13.—The booth in the Manufacturers and Liberal Arts building at the Pan-American grounds, which has caused so much friction between the labor unions and the exposition officials and which threatened to involve all the men employed on the grounds in a general strike, was removed, and it is now believed that all the carpenters will go to work. The booth objected to is the only one in any of the buildings manufactured in mills where non-union men are employed.

Show us a Man

who is always fighting with his custom tailor about his clothes and there are ninety-nine chances out of a hundred that we can fit him right out of our stock with a fine

Model Suit.

It's strange so many men go to a tailor when they can buy a suit ready to put on at one half the tailor's price.

They cost you

\$5 to \$20

but they are worth it.

At drug stores.
55 cents a bottle.

When you burn or scald yourself the thing to do is to rub some
Clydesdale Ointment
on the hurt spot. It will cool and soothe the wound right away and stop the pain, too. In a few days it will be all right again. There won't be any scar, either. CLYDESDALE OINTMENT is nature's cure for burns of all kinds. It was discovered many years ago by Hugh Clydesdale, a Gypsy, who later became a famous surgeon. It is not a cure-all, but it does cure all wounds, pains and cuts. Cheaper and safer than to let it cure itself. Price 25 cts. per jar, at all dealers.

The Geo. W. Bicknell Co.,
PITTSBURG, PA., U. S. A.

Louisville Carpenters.
Louisville, May 13.—The union carpenters of Louisville, who are now on a strike for \$2.50 minimum wages for nine hours' work and the exclusion of nonunion labor, will be aided by the building trades council of this city, which decided to enforce the union card rule. All members of the building trades council, in adopting this rule, agree to quit work at every job where nonunion building trades workmen are employed. A conference will be asked with the contractors.

A Compromise.
Washington, Pa., May 13.—The plant of the Tyler Tube and Pipe company, which has been idle for several weeks as a result of a strike of the 300 employees, will resume operations with a full force of men at work. The men struck for an increase in wages and recognition of the labor union. The company officials granted the advance, but refused to recognize the union, and the men accepted the proposition.

Strikers Won.
St. Louis, May 13.—The 600 or more employees of the brick and terra cotta makers, who have been out on a strike for an advance in wages, will return to work, their demands having been acceded to. The common laborers are paid \$1.50 a day instead of \$1.35 as formerly, and all skilled laborers have been advanced 10 per cent above their former pay.

Rousseau Recovers.
Paris, May 13.—M. Waldeck-Rousseau, the premier, who left Paris April 11 to recuperate from the effects of his recent illness, has returned to the city. It is announced that his health is completely recovered.

Wizard Schaefer Returns.
New York, May 13.—Jake Schaefer returned with his protegee and pupil, Leonard Howison, on La Lorraine, after a six months' tour of Paris, London and Berlin, in all of which capitals the "wizard" played matches and gave exhibitions at billiards. Schaefer will go to Chicago after spending a few days in this city.

New Locomotives.
New York, May 13.—The International Power company has just closed an order for a number of locomotives for the Atchison, Topeka and Santa Fe railway calling for the entire capacity of its plant for the remainder of this year. These locomotives will be built in Providence, R. I., and Paterson, N. J.

To Resist American Competition.
Vienna, May 13.—The Wiener Allgemeine Zeitung, reviving the recent reports of combined European action against the United States in the industrial world, asserts that Germany and Austria are negotiating with a view to the formation of a European league to resist American competition.

Comet Reappears.
Lima, Peru, May 13.—The comet, which was first seen from South America a short time ago and has been invisible from here for the last three nights, has reappeared. It apparently has two tails, one of which is now longer than it was when first seen.

Sultan's Strategy.
London, May 13.—"The sultan, I learn," says a Constantinople correspondent, "concocted the plague scare in order to enforce a quarantine that would exclude a band of anarchists who, he had been informed by Austria, were coming to assassinate him."

The best riders sometimes meet with accidents. When you buy a wheel, keep that fact in mind. Buy a wheel that is strong, well made and able to stand the strain of the long, hard rides.

That's the kind of a wheel the Rambler, Record and Imperial are, and they are light, graceful, easy running wheels, too. Let us show them to you. Open every evening.

J. A. COMPTON

Coshocton, Ohio.

TO SAVE A COMPANION

A Negro Workman Gave Up His Own Life—Scalded by Steam.

Indianapolis, Ind., May 13.—William Phelps, of Richmond, Ky., and James Stansbury, of this city, were cleaning the inside of an eight-foot upright boiler at the Cereoline mills when an employee turned on the steam, thinking the cock was tight. It leaked and the scalding steam poured in on the two men. The only exit was up a ladder to a manhole in the top. Both jumped for the ladder. Phelps reached it first, took one step and stopped. He jumped aside and shouted: "You go first, Jim, you are married." Stansbury sprang up the ladder and escaped with slight burns about the face and legs. Though Phelps followed at his heels, his act of heroism cost him his life. Both men are colored.

Oriental Intelligence.

Victoria, B. C., May 13.—News was brought by the steamship Glenogle that on April 22, 100 French and 30 Germans were killed and wounded by the explosion of mines buried on the frontiers of Shan Si and Chi Li. The China Times reports the capture of Brigand headquarters, where Chinese were pillaging the neighborhood under the leadership of 10 foreign soldiers. The Germans killed 29 Chinese and captured a junk on which a cannon was mounted. The new 7,000 ton liner Sobranon was wrecked on the Chinese coast near Lung Ying, prior to the sailing of the Glenogle. The passengers and mails were saved. The vessel is a total wreck. There were 110 cases of plague and 104 deaths, and 85 cases of smallpox and 43 deaths, at Hongkong, from Jan. 12 to April 26.

All For the West.

Chicago, May 13.—After a tour of the west, including visits to several colleges which had been the subjects of his benefactions, Dr. D. K. Pearsons has returned to Chicago and announced that he has drawn a line through Chicago and has disinherited everything and everybody east of that line from any share in the money he still expects to give away. Not one penny, Dr. Pearsons says, will ever go to any institution east of Chicago. The million or two of dollars which he intends to dispose of within the next year is all for the west.

Found Dead.

Green Castle, Ind., May 13.—Tucker Woodson Taylor, aged 46, was found dead in his room. The coroner was notified immediately and is making an investigation. It is believed that it is a case of suicide. Mr. Taylor was for years confidential secretary of John R. D. Smith, the historian.

Another Big Bridge.

New York, May 13.—William J. Amend, counsel for the North River Bridge company, and one of its directors, made the definite announcement that the Pennsylvania railroad is back of the company's scheme to build a bridge from Hoboken to Manhattan. He said that contracts were now being negotiated between the bridge company and the various railroad companies whose traffic will be accommodated by the bridge. As soon as these could be executed, he said, work on the structure would be commenced. It is estimated that the bridge can be completed within four years. The bridge is to be only for transportation of passengers.

Effects of Drinking on the Brain.

Dr. Clouston, of Edinburgh asylum, Scotland, writes: "I am safe in saying that no man indulges for ten years continuously, even though he was never drunk in all that time, without being psychologically changed for the worse. And if the habit goes on after 40 years the change is apt to be faster and more decided. We see it in our friends, and we know what the end will be, but we can not lay hold of anything in particular. Their fortune and works suffer, and yet we dare not say they are drunkards, for they are not."

"It all depends on the original inherent strength of the brain how long the downward course takes. Usually some intercurrent disease or tissue degeneration cuts off the man before he has a chance of getting old. I have seen such a man simply pass into senile dementia before he was an old man from mild, respectable alcoholic excess without any alcoholism or preliminary outburst at all. And I am sure I have seen strong brains in our profession at the bar and in business break down from chronic alcoholic excess without their owners ever having been drunk."—Health Monthly.

Some Church Attendance Figures.

A correspondent of the Cleveland Plain Dealer writes: "The census of people at church at Dundee on Sunday forenoon, March 31, which was taken by one of the local journals with special care, has brought out some very interesting results as to the churchgoing tendencies of people in that borough. The proportion of the population of Dundee that went to church on that Sunday forenoon was only 16 per cent, and, as the weather was normal, there was no excuse on that account for people staying at home. In the 19 Established churches 9,211 persons worshipped at the forenoon service, in the 31 United Free churches 9,550, in the 8 Congregational churches 1,942, in the 5 Episcopal churches 1,275, while in 5 Roman Catholic churches the morning masses were attended by 11,118 persons."

How William Is Kaiser.

Nearly every afternoon the Kaiser rides out, usually in uniform, with some of the staff officers, galloping down the Linden and into the Tiergarten, where he often spends hours in exercise. The Kaiser appears to better advantage on horseback than when standing, being tall of body. He has a great variety of uniforms, and one may see him many times and never see him clothed twice alike. This is one manifestation of his well known love of display and pageantry. He loves the outward garb of royalty, the symbols of power, and he uses them without stint.

Not long ago an American professor attended a reception in the royal palace, given by the Kaiser to an association of scientists, at which William appeared in the gorgeous robes of royalty, preceded by liveried chamberlains bearing the crown and insignia. It was a most impressive display, and when the professor came away he said to a friend:

"I am a republican to the backbone, but I believe that if monarchs are necessary they should be monarchs to the last bit of gold lace, just as William is Kaiser."

The next day this friend had an audience with the Kaiser and in the course of the conversation told him what the American professor had said. The Kaiser laughed heartily.

"That is exactly what I believe," he said. "Dom Pedro of Brazil illustrated the folly of trying to be a republican on a throne."—McClure's Magazine.

MRS. M'KINLEY IS ILL

Hurried to San Francisco For Treatment and Rest.

CONDITION SAID NOT TO BE ALARMING

Her indisposition may result in an entire change of the President's Program—Remainder of the Presidential Party Follow Out the Original Schedule—Ohio Delegation.

San Francisco, May 13.—The sudden illness of Mrs. McKinley has caused an unexpected change in the itinerary of President McKinley. He arrived in this city Sunday afternoon, several days ahead of the time scheduled. The state of Mrs. McKinley's health was such that the president decided to leave Delmonte and bring his wife to this city immediately to the home of Henry T. Scott, where she could have complete rest for a few days and where a specialist could be consulted if necessary. Only a few hundred people greeted the president upon his arrival in this city. His coming was not generally known. Mrs. McKinley was carried in a steamer chair by two colored porters from the private car to a closed carriage in waiting. The president and Dr. Rixey followed close behind. Mrs. McKinley was gently placed in the carriage and the president and Dr. Rixey took seats in the same vehicle. The president was quite pale and looked anxious. The rest of the party followed in carriages to the home of Mr. Scott.

Mrs. McKinley's condition is said not to be alarming, but she has not been well since the long journey began, and the trip has fatigued her very much. Saturday night she did not respond to medical treatment, and both the President and Dr. Rixey considered it wise to take her to San Francisco, where she could have complete rest for a few days at Mr. Scott's residence, and where Dr. Hirschfelder, Mr. Scott's physician, could be consulted if necessary.

The cabinet and other members of the party will carry out the program as arranged, going to San Jose, and arriving at San Francisco on Tuesday. The present understanding is that the president will rejoin the party at San Jose if Mrs. McKinley's condition permits. Dr. Rixey said Mrs. McKinley is much better than she had been Saturday night.

Mrs. McKinley bruised her hand while the train was rounding a sharp curve in Texas, and has suffered considerably from the bruise since. Her delicate health has aggravated the injury, and Dr. Rixey was twice compelled to lance it. The lancing relieved her very much for the time being.

Secretary Cortelyou, when questioned concerning Mrs. McKinley's condition, stated that there was nothing alarming in her present indisposition; and that perfect quiet and rest for a few days would restore her to her usual health. It was the impression, however, of those who saw Mrs. McKinley, that she is very ill, and that her present state may result in an entire change of the president's program.

The congressional delegation, headed by General Charles Dick, arrived in the city and are quartered at the Hotel Pleasanton. Governor Nash and party arrived some time later and repaired to the Palace hotel. The Ohio congressmen and Governor Nash's party have clashed over a question of precedence. The people of California have been very cordial in their reception of the Ohio party, but naturally President McKinley has received the most attention, and Governor Nash and his party, who traveled on a separate train, have been a little in the background. At Los Angeles it was all McKinley, and the Ohio gubernatorial party felt slighted. The special cars bearing the Ohio congressmen were attached to the Ohio special at Los Angeles. This seemed to add to the ill feeling of the governor's party, who complained that they had been an annexed section to the presidential party.

Gloom Over the Party.

Delmonte, Cal., May 13.—The indisposition of Mrs. McKinley cast a shadow on the other members of the party who remained here, and there was talk at first of abandoning the entire schedule between here and San Francisco, but Mrs. McKinley requested that the plans of the party should not be disarranged by her departure. The party is scheduled to go to Santa Cruz for a glimpse of the big trees. The day after leaving New Orleans a bone-felon appeared upon Mrs. McKinley's finger. Her hand became swollen and gave her considerable pain and produced fever, which prevented her from sleeping.

The Russian Loan.

St. Petersburg, May 13.—The principal topic in St. Petersburg is the new loan which M. De Witte, minister of finance, has placed with Paris bankers, the various industries anticipating sufficient railway orders as a result of the arrangement to permit a reopening of the works, of which many have been closed or have been operating on a small scale. M. Delcasse, the French foreign minister, promised M. De Witte during his recent visit here to secure the French financiers for the loan.

No Needham Dead.

Washington, May 13.—Moulton T. Needham, popularly known as "Bo" Needham, the secretary and treasurer of the Washington baseball club, died here of typhoid pneumonia. He was 32 years of age and unmarried. The remains have been taken to his home at Rockford, Ill. Needham was formerly sporting editor of the Detroit Free Press and the Ohio State Journal.

ON A MURDER CHARGE.

A Suspect Arrested Down East to Be Brought Back to Ohio.

Clinton, Mass., May 13.—Frank G. Kelly of Akron, O., accompanied by Deputy Sheriff Arthur, arrived here with a requisition from the governor of Ohio for Joe Wade, who is wanted for alleged murder of Joe Turner at Akron on Nov. 21, 1899. The officer said he had traveled 5,000 miles in search of Wade through various states, who was arrested here through the medium of his picture and description printed in a Chicago paper. Wade had been here about six months and was employed on one of the Metropolitan water board's contracts. Wade showed great fear when confronted by the Ohio men, but said he would return without making any trouble.

Farmer's Awful Deed.

Bloomington, Ill., May 13.—Merritt Chism brutally stabbed to death his wife on his farm in White Oak township, this county, stabbed his stepson, Harvey Freeland, and then tried to kill himself. The attack upon Mrs. Chism was made with all the ferocity of a madman. Young Freeland grappled with him and tried to hold the hand in which Chism held his knife. In the unequal and brief struggle which followed the boy's fingers were almost cut off and he was stabbed by Chism in the arm. Chism is one of the richest farmers in this county, having inherited 100 acres of land and \$200,000.

Laborers Scarce.

Jacksonville, Fla., May 13.—The relief association is doing stupendous work, particularly in the commissary and labor departments. There is abundant work for everybody who can do manual labor. But difficulty is experienced in getting the colored men to work. Commencing at noon the distribution of supplies will be made only to those who can furnish identification as to their actual need of assistance.

Was in a Trance.

Detroit, May 13.—Miss Dora McDonald, who apparently died last Friday, and whose condition was such that her physician, Dr. George S. Field, refused to pronounce her dead after 30 hours' suspended animation owing to uncertain signs of life about the body, died after being in a cataleptic state for 43 hours.

Prominent Horseman.

Chicago, May 13.—John Tucker, for many years a prominent figure in horse circles and known to all the leading owners and drivers of the country, died here of apoplexy. Of late years Mr. Tucker had been connected with C. K. G. Billings' stable of trotters and pacers.

Slowly Sinking.

Grand Rapids, Mich., May 13.—At a late hour the condition of Edwin F. Uhl, former ambassador to Germany, was reported unchanged. He is in a semi-comatose state and is sinking slowly.

Dewet Resumes.

London, May 13.—General Dewet, according to a dispatch from Pretoria, has resumed operations, and is reported to have crossed into the Transvaal with 2,000 men.

Dropped Dead.

Omaha, May 13.—Howard L. Burkett, one of the most prominent business men of Omaha, dropped dead in his front yard, of heart disease.

THE MARKETS.

Hamburg Line Expanding.

New York, May 13.—Following the announcement of the visit to this city of Director General Albert Ballin of the Hamburg-American steamship line comes the announcement that the Hamburg-American line has acquired the Atlas steamship line, which for the past 30 years has plied between Jamaica, Hayti and Central America. The Atlas line was formerly owned by an English corporation, but under the Hamburg-American line will fly the German flag. This addition to its service makes the Hamburg-American steamship line the largest in the world, the entire tonnage being 630,000 tons, which is divided among 120 vessels, sailing in 30 different services.

What the Boers Overlooked.

London, May 13.—At a banquet of the Cornish association, held in London, General Fole-Carew said: "At the beginning of the war, had the Boers fully realized their strength and our unpreparedness, we would have been driven into Durbin and Cape Town and we would have presented the spectacle of reconquering South Africa from the seacoast."

Esterhazy Again.

Brussels, May 13.—The Independent belge publishes affidavits signed by Count Ferdinand Walsin Esterhazy before the French consul in London, admitting the authorship of the Dreyfus bordereau and declaring that the bordereau was written with the connivance of Colonel Sandherr, chief of the secret intelligence bureau.

Struck an Unexploded Shot.

Carthage, Mo., May 13.—Charles Clabaugh and William Morrison were killed and John Paxton was seriously injured by an explosion at Pleasant Valley mines, near here. The men were drilling and struck an unexploded shot.

Boiler Blew Up.

Guthrie, O. T., May 13.—The boiler at Riley's sawmill, near Stroud, blew up, killing Oscar McAlley, engineer, and fatally wounding Solomon Riley.

Actor Hearn III.

New York, May 13.—James A. Hearn, the actor, who has been ill for some time at his home in this city, was said to be somewhat improved.

LAPPED UP BY FIRE.

Nearly a Million in Property Quickly Consumed.

LUMBER YARDS AND MILLS THE FUEL

A Dredge and several Buildings Also Reduced by the Flames That Raged in a Michigan River Town During a Heavy Gale—Destruction Wrought at Other Points by the Fire Flood.

Detroit, May 13. — A conflagration swept the west bank of the Rouge river in Delray, a suburb, for a distance of three-quarters of a mile, and destroyed over \$800,000 worth of property. A gale was blowing at the time. The fire originated in the roof of the Ballotte & Ferguson lumber mill. The mill had not been running for several months and the roof was as dry as tinder. The building was soon in ashes and the fire swept across a dock to where a dredge of the Carlin, Stickney & Cram fleet of dredges was tied up. Despite efforts to save her this craft was burned to the water's edge. Great embers were picked up by the wind and dropped on the roof of Brownlee & Company's mill and Salt block, and both these buildings were destroyed. Even the great streams from the fireboat were powerless to check the flames, which were rolling down the river bank for hundreds of feet.

From the Brownlee property the fire jumped over into the large yard which the Western Union Telegraph company used as a storage point for their cedar telegraph poles. The yard is the distributing point for 10 states and over 100,000 poles were stored there. The fire swept through the great yard, which comprises about eight acres, in less than two hours. The plant of the Maitly Lumber company was the last one on the river bank and it was soon destroyed, together with a large stock of cedar poles which was stored in the company's yard.

While this fire was burning the lumber yard of G. A. Raupp & Company, in Ecorse, about a mile from Delray, was set on fire by sparks from a passing engine, and 500,000 feet of lumber were destroyed. The loss is about \$75,000.

Gutted Several Structures.

Muncie, Ind., May 13.—Parker City, 10 miles from Muncie, was visited by fire. The fire broke out in the Vaughn & Sons church furniture factory. This was destroyed. The livery barn of Joseph Hommel and the residence of Lou Hudson were also destroyed, with a half dozen other small buildings.

Business Portion Gutted.

Waverly, Ia., May 13.—Nearly the whole of the business portion of the town of Dumont was destroyed by fire. Eighteen business houses were destroyed, entailing a loss of about \$50,000.

Russian Duke Coming.

St. Petersburg, May 13.—Grand Duke Michael, heir presumptive to the Russian throne, has a keen desire to visit the United States, but whether he will be able to fulfill it depends largely on the course of events. In a recent conversation with Ambassador Tower the grand duke expressed a lively hope that he might be enabled to do so. He recalled the two visits paid the United States by the Grand Duke Alexis, and declared the latter was greatly impressed not only with what he saw in America, but that he had a grateful recollection of American hospitality.

Germany and Wall Street.

Berlin, May 13. — Throughout last week the German bourses studied the Wall street situation with the most intense interest, but with great reserve and in expectation of a crash. The Frankfurter Zeitung now remarks that "the direct interest of German speculation in American securities is at present not great, and German bankers have largely reduced their American holdings of late." Nevertheless the paper admits the events in Wall street have caused anxiety in this country because a reaction has been feared upon European markets.

Westminster Abbey to Be Closed.

Westminster abbey is to be entirely closed to the public for about four months next year, and all the services will of course be suspended during that time. Three months will be required to prepare the interior of the abbey for the coronation ceremony, and after it has taken place three or four weeks will be occupied in removing all the temporary structures and other paraphernalia. The whole of the stone pillars and many of the monuments will be all covered with wood, which is to be all covered with scarlet cloth. A preliminary draft of the arrangements at the abbey for the coronation has already been sketched out, but the details of the ceremonial and the order of the service will be settled next week by a committee of the privy council. The coronation is to take place toward the end of June. The dean and chapter of Westminster are entitled to claim as "perquisites" every article which is taken into the abbey for the purposes of the coronation, and that reverend body reaped rich harvests in 1871, 1881 and 1893.

Rev. Charles A. Eaton.

The Rev. Charles A. Eaton, who has accepted the pastorate of the Euclid Avenue Baptist church of Cleveland, of which John D. Rockefeller is a member, has been pastor of the Bloor street Baptist church, Toronto, Canada. He is 32 years old and belongs to a family which has lived in Massachusetts since 1640 and in Nova Scotia since 1755. He was born at Lakeville, Cumberland county, Nova Scotia, and was educated at Acadia university and the Newton Theological institute. His first pastorate was in the Baptist church of Natick, Mass., in 1893. In 1895 he traveled in Europe and preached during the summer of 1896 in London.

A. J. Randles to Ann Mary Hahn, 41.65 acres in Jackson township, \$2,000.

The Parson and the Tramps.

There are ten weary men today who are steering clear of Parson Tom Uzzell. The men came to the Tabernacle on Blake street Sunday night and raised a plea for help—they were eager to work, they explained, but it was Sunday and they could not get a chance.

"All right," said Parson Uzzell, "I have some work that I want done, and if you fellows will come and work tomorrow morning as long and as hard as I do, then I'll give you supper tonight, a place to sleep, breakfast and dinner tomorrow." Parson Uzzell shows many virtues in his face, but a capacity for persistent industry isn't among those displayed, and the shames at once agreed to the terms. They were fed at Alderman Brown Cannon's 15 cent restaurant, they had places to sleep and breakfasted at the restaurant, and then Parson Uzzell led them to the excavation for his new church.

"I won't ask you to work any harder than I do," he said. "All you have to do is to throw out a shovel each every time I throw out one. And," he added significantly, "I have got a policeman to act as umpire, and any man who can't keep up with me is likely to be considered a vagrant and be put to work on the chain gang."

"Oh, but my back did ache," said the parson yesterday afternoon, "but I knew that for every shovel that went up the bank from my shovel there were ten others, and that made it easier. The other fellows didn't have the satisfaction to cheer them up, and they began to look pretty sour toward noon, but the policeman says we finished in a bunch."—Denver Republican.

Excursions to Buffalo

Via Pennsylvania Lines for Pan American Exposition.

Excursion tickets to Buffalo for the Pan-American exposition via Pennsylvania lines go on sale May 5. Tickets may be obtained daily from that date until September 30 at special fares, good returning until October 31. A special ticket good returning 15 days including date of sale may also be obtained via Pennsylvania lines any day after May 5. Another excursion ticket at special low fare will be on sale May 7, 14, 21, 28. The latter ticket will be limited for return trip within five days. All tickets to Buffalo via Pennsylvania lines will be good for stop-overs at Lakewood and Jamestown (Chautauqua Lake). For information about fares, through time and train service apply to nearest ticket agent of the Pennsylvania lines who will furnish time cards, maps and official information about the exposition free of charge. d-w-5-28
